
ORGANIC BLOCKS | CORK BRICKS | KORKSTONE | PRIMECORK | XL PRIME PANELS | CORK BARK

Your new Muratto wall covering will add warmth and beauty to your home or commercial setting for years to come. Following a few simple maintenance steps however, will help protect your installation.

Muratto tiles are manufactured with a raw material that result from a technical combination of special pigments and resins with granulated cork. The resins and other natural additives give to the surface a protection that aids in the stain resistance and cleanability of the product, in an environmentally safe manner.

Stains should be removed as quickly as possible to eliminate any possible reaction between the staining agent and the product. Time is especially important for removing materials containing colors or solvents such as ball point ink, nail polish, lipstick, oil shampoo tints, paint, lacquer or enamel and some foodstuffs.

PRECAUTIONS

Excess soiling materials such as chewing gum, asphalt, crayon, paint, nail polish, or tar should be carefully scraped off prior to other cleaning attempts.

CLEANING

The normal cleaning of the product should be done with a dry and soft lint-free cloth or a dry sponge. If stained and stronger cleaning is required, then rinse thoroughly with clean, clear water, changing water often to insure it remains clean and clear. After cleaning an area, be sure to dry with an absorbent cloth so it can be examined to assure complete cleaning.

NEVER USE ABRASIVE CLEANERS OR MIX CLEANING REAGENTS TOGETHER – VIOLENT REACTIONS MAY OCCUR WHICH COULD RESULT IN SERIOUS INJURY. OBSERVE ALL LABEL PRECAUTIONS WHEN USING ANY CLEANING AGENTS.

For cleaning deeply embossed grains, you may vacuumed with a clean vacuum cleaner brush.

Your newly installed Muratto tiles are made from natural cork granules and therefore are subject to change from excessive moisture, or nonconforming environmental conditions. Remove any standing or trapped water immediately, and maintain an indoor relative humidity level of 35-55% throughout the year.
